

FAMILY STRENGTHENING MONTH

2024 TOOLKIT

April is Family Strengthening Month

Every child deserves to grow up in a safe, stable, and nurturing environment. Families are the best resource to provide the positive interactions and healthy conditions that children need to flourish. During **Family Strengthening Month**, please join us in highlighting how strong Wisconsin families promote the well-being of children in our state. This toolkit contains activities for use by Wisconsin programs to support family strengthening during the month of April 2024 and throughout the year.

Children are the foundation and the future of our communities and our state. Children raised in loving and supportive environments have healthier relationships, a greater tendency to prosper academically and financially, and are more likely to become successful contributing members of society. Wisconsin must act as a leader and champion for all of our children by supporting communities and promoting programs and policies that enhance the lives of children and families. Research has shown the most effective way to prevent child abuse & neglect is to strengthen families and communities, so they can provide nurturing environments where children can thrive. Access to quality childcare, affordable housing, and safe neighborhoods reduces parental stress and allows families to focus on creating a secure and nurturing home.

This Family Strengthening Month toolkit provides resources for communities, organizations, and individuals to promote family strengthening efforts in April as well as throughout the year. Please feel free to modify and enhance the information contained within the toolkit and use it as a launching point for your own ideas. It doesn't matter how big or small your effort might be. Providing positive messages and opportunities for families and children is always a worthwhile goal.

We welcome you to join with the Wisconsin Family Strengthening Month Committee and numerous partnering organizations from around the state in uniting together to support children and families throughout Family Strengthening Month and beyond.

Create a Plan for Action!

This toolkit provides ideas for planning a Family Strengthening campaign for the month of April and continuing throughout the year. Developing a strategy early will ensure the best outcomes for your organization. Use these steps to create your action plan:

- Develop a timeline
- Identify the audience(s) you are trying to reach
- Tailor your message to each identified audience
- Choose activities to implement in your community
- Use social media. See pages 7 to 11 for tips.

Check back for more

Family strengthening occurs all year-long so check back for new ideas and activities to use throughout the year. See information on page 8: Stay Connected.

Build a community partnership

The power of building community awareness relies on strengths in numbers. Join resources by partnering with other organizations, business leaders, faith-based groups, families, teachers, law enforcement, students, or other adults to implement effective family strengthening strategies that promote safe, stable, and nurturing environments for children and families.

Definitions

Primary Prevention focuses on the general public, addressing root causes and underlying factors to stop child maltreatment prior to occurrence. Primary prevention activities with a universal focus are broadly accessible and seek to benefit all members of a population regardless of risk.

Ideas to Promote Family Strengthening

Public Awareness

- Five for Families is a statewide public awareness campaign developed as a universal prevention strategy by the Child Abuse & Neglect Prevention Board. The primary goal of the campaign is to increase knowledge of the Protective Factors Framework, an evidence-informed, strengths-based approach to child maltreatment prevention and family well-being promotion created by the Center for the Study of Social Policy. Visit FiveforFamilies.org for more information.
- Get involved with the statewide *CLICK for Babies* Campaign, clickforbabies.org.

CLICK for Babies
Period of **PURPLE** Crying Caps

- Set up a display, here are some examples:
 - Number of children/families who participated in your programs (playgroups, parenting classes, etc.) this past year.
 - Number of children born in your service area during 2022.
- Have children color pinwheel or garden-themed coloring sheets (available at www.preventchildabusewi.org) and display them at your site or in public places such as a bank, library, etc.
- Decorate “Donation Jars” and put them in stores to collect money for a family strengthening program in your area (family resource center, home visitation program, after-school care, day care) or for Prevent Child Abuse Wisconsin.
- Decorate your site with flowers or pinwheels. You can purchase pinwheels from Prevent Child Abuse Wisconsin at www.preventchildabusewi.org.
- At work, employees give a donation to wear blue jeans on one day. Monies raised would be given to a family strengthening agency.
- Join Children’s Advocacy Network to stay up-to-date on Children’s Wisconsin’s policy work and what they are doing to help children and families. Learn more at <https://childrenswi.org/ways-to-help/advocacy>

Community Involvement

- Ask local businesses to display informational or promotional materials that promote Family Strengthening Month. Host a parent support group in a local church, school, library, or social service agency. Host a family fun event, such as a family story time, craft event, family game, or movie night.
- Work with a local Family Resource Center, Community Center, Family Respite Center or Crisis Nursery to collect items needed by families in your community.
- Involve Girl Scout and Boy Scout troops, church groups, youth groups, school groups, or classes, and other volunteers to distribute pinwheel pictures or pinwheels throughout your community.
- Ask schools, faith organizations, businesses, and others to share messages about strengthening families in their newsletter and bulletins.
- Advocate in local healthcare systems to promote the *Period of PURPLE Crying* or other Abusive Head Trauma Prevention initiatives.

- Connect with your local home visiting services or advocate to start one if none are available in your community.
- Contact local area politicians to advocate for city/county recognition of April Family Strengthening Month.
- Connect with other organizations that have awareness events that align with April Family Strengthening Month messaging.
- Distribute seed packets with information on growing strong families and children.

Trainings

Coordinating trainings for staff and the community are also a good way to promote family strengthening in April. There are a number of professional development opportunities available for professionals who work with children, youth and families.

- The [Wisconsin Family Resource Center Professional Development System](#) is housed within the Wisconsin Child Welfare Professional Development System – Milwaukee and is designed to offer educational opportunities and trainings geared specifically toward the needs of family support program professional staff within family resource centers as well as other family serving professionals.
- Host a Stewards of Children™ training to educate adults to prevent, recognize, and react responsibly to child sexual abuse. It is the job of adults to protect our children. Find out more at <https://www.d21.org/education/stewards-of-children/>
- Work with area organizations, youth sports leagues, schools, faith communities, and anyone interested in assuring safe environments for kids while participating in programs by arranging for a training on policies and procedures to protect children from child sexual abuse. Find out more at a2awisconsin.org.
- Connect with your local [Family Resource Center](#). Most Family Resource Center's offer trainings to family support professionals.

Media Tips

Consider the message

We encourage organizations to share the vision that all Wisconsin children and families have the opportunities and support they need to be safe, stable, and connected in their communities. We can often get a better response by sharing stories that illustrate the benefits and impacts of programs. Some ways to promote the importance of building productive and prosperous futures for our children include:

- Educating and engaging community members to focus on family strengthening programs.
- Reminding the community that while being a parent is challenging, there are approaches and resources that provide parents and families with support.
- Highlighting approaches and resources that provide families with support.
- Encouraging community members to help lead, plan, and participate in events so that they have the opportunity to contribute and become invested.

Establish Your Message for Strengthening Families

Build your message to motivate people to action.

- Create a call to action through your social media platforms indicating how individuals, groups, and organizations can participate in family strengthening efforts.
- Share success stories from family strengthening and support efforts both within and outside the community.
- Be clear and consistent in your commitments to support family strengthening programs and efforts.
- State the importance of family strengthening and support in combating child maltreatment.
- Use images to portray a positive and engaged community.

Social Media Tips

Social media is a perfect way to get people excited about your campaign. Use social media to engage communities and organizations not just in April but throughout the year. Start a dialogue and follow the conversations that take place. By monitoring and being actively involved in the discussion about family strengthening you are able to:

- Positively influence how the public perceives family strengthening efforts.
- Share positive responses through retweets, shares, and likes.
- Control the flow of incorrect information by answering questions or responding to misconceptions that people may have.
- Use the hashtags: #FamilyStrengthening and #WearBlueDay2023.
- Follow our social media sites and share posts during April:

- <https://ctfalliance.org/partnering-with-parents/anppc/#resources>
- www.preventchildabusewi.org
- www.preventchildabuse.org
- HOPE positiveexperience.org
- Short video on upstream: <https://www.youtube.com/watch?v=pn2akD5joXM&t=13s>

Note: The focus of Family Strengthening Month is not just to prevent child abuse and neglect but rather to promote optimal child development through strengthening families. However, reporting child abuse and neglect is mandatory and necessary in some situations. In Wisconsin, to report a case of child abuse or neglect, contact the county or tribe where the child or child's family lives. If the agency is not known, contact the closest county. See the Department of Children and Families website for more information: <https://dcf.wisconsin.gov/reportabuse>.

2024 Wear Blue Day Flyer

April is Family Strengthening Month

Wear BLUE on April 5, 2024 to show your support.

Every child deserves to grow up in a safe, stable, and nurturing environment. Show your support by promoting and strengthening prevention efforts in Wisconsin.

Take a picture of yourself and your colleagues wearing blue and share it on your favorite social media platform using the **#familystrengthening** hashtag.

SAMPLE PRESS RELEASE

FOR IMMEDIATE RELEASE

(Town/City/County Name) Residents Support Family Strengthening Efforts by Wearing Blue

(Your agency/organization name) encourages (town, city, county) residents to wear blue on Friday, April 5, 2024, to help promote Family Strengthening Month. We believe that we can build healthier, safer, and thriving communities for our children if we work together to support families and children. When we focus on strengthening families, the results are better childhoods, leading to healthier adults and stronger communities.

Please join us on April 5th by wearing blue to help promote positive childhood experiences in nurturing environments that will provide fertile ground for children’s physical and mental health, learning, and social skills.

Print on your agency/organization letterhead

SAMPLE PRESS RELEASE

FOR IMMEDIATE RELEASE

Family Strengthening Month

City/State April is Family Strengthening Month. This month and throughout the year, (your agency/organization name) encourages all individuals and organizations to support family strengthening efforts in Wisconsin. Children do well when their parents do well. Research shows that positive childhood experiences in nurturing environments provide fertile ground for children’s physical and mental health, learning, and social skills. We can build healthier, safer, and thriving communities for our children if we work together to collaboratively support children and families. Community members can support one another by:

- Taking time to talk to parents in your neighborhood – get to know them.
- Sharing local resources with families.
- Advocating for legislation and funding which support family programs within your community.
- Donating new or gently used clothing and toys to programs that support families with children.
- Bringing a meal or groceries to a family with young children.
- Organizing a family fun event such as a family story night, game, or movie night.

To learn more about family strengthening and for more ideas how to become involved, visit:

- (Your agency website)
- Five For Families: fiveforefamilies.org
- Child Abuse and Neglect Prevention Board: preventionboard.wi.gov

FOR IMMEDIATE RELEASE

PROCLAMATION:

Each April, our committee requests a Governor's proclamation to promote Family Strengthening Month. The proclamation builds awareness and highlights the protective factors. As soon as the proclamation is issued, it will be available on our websites. If your community is interested in the language to request a proclamation for your city, please contact preventionboard@wisconsin.gov
