milwaukeehomevisiting](http://childrenswi.org/milwaukeehomevisiting)

How does it work?

The Healthy Families Milwaukee County™ Home Visiting Program works with pregnant and parenting moms and families. We will visit with you in your home, the community or at our office—wherever is most comfortable and convenient for you. We will work with you in all areas of parenting.

Who can enroll?

Pregnant women and newborns in Milwaukee County. Services are free.

What can Healthy Families do to

support me? Healthy Families can help you learn more about child development. We strengthen parenting skills and connect families to community resources and support. Your family visitor can help you:

- Lead a healthier lifestyle
- Strengthen family relationships
- Build parenting skills
- Learn how children grow and develop
- Find and use community resources
- Prepare kids to do well in school
- Lessen stress
- Celebrate family milestones

The Healthy Families Milwaukee County™ Home Visiting Program

follows the Healthy Families America (HFA) model. HFA is one of the leading family support programs in the country. It is a program of Prevent Child Abuse America. Healthy Families Milwaukee County focuses on early child health, child development, reading and school readiness. Services are free to pregnant women and newborns. They can continue until the child reaches age 3.
