

NURSING STUDENT CLINICAL GROUP SCHEDULE

In order to provide accurate and consistent information to the nursing units we are asking that each clinical instructor provide the following information. Thank you.

Our nursing student clinical group shifts on the units are divided into two shifts

Days 7:00-3:00 or

Pms 3:00 -11:00

It is important that your students do not start on the units mid shift as it is disruptive to staffing.

School: _____

Nursing Unit: _____

Clinical Instructor: _____

Semester Start Date (First date here at CHW): _____

Semester End Date (Last date here at CHW): _____

Number of students on unit: _____

Scheduled days on unit (i.e.: Monday/Tuesday): _____

Scheduled time on unit (doing patient care, not prep or post): _____

Prep time: _____

Post Conference time: _____

Semester break/holidays: _____

Please enter any known changes to typical clinical schedule : _____

Comments: _____

Date completed: _____

Please try to plan in advance with your schedule and be as consistent as possible with your student groups. For any activities that may impact the time and/or number of students on the unit PLEASE communicate (preferably two weeks in advance) with the unit leadership (such as Schwartz Rounds, alternative learning opportunities, Grand Rounds).

The key, as always, will be communication with the unit leadership about any changes in the scheduled clinical times.
