

WHAT IS IT?

A COMPREHENSIVE CHILD AND FAMILY WELL-BEING MODEL

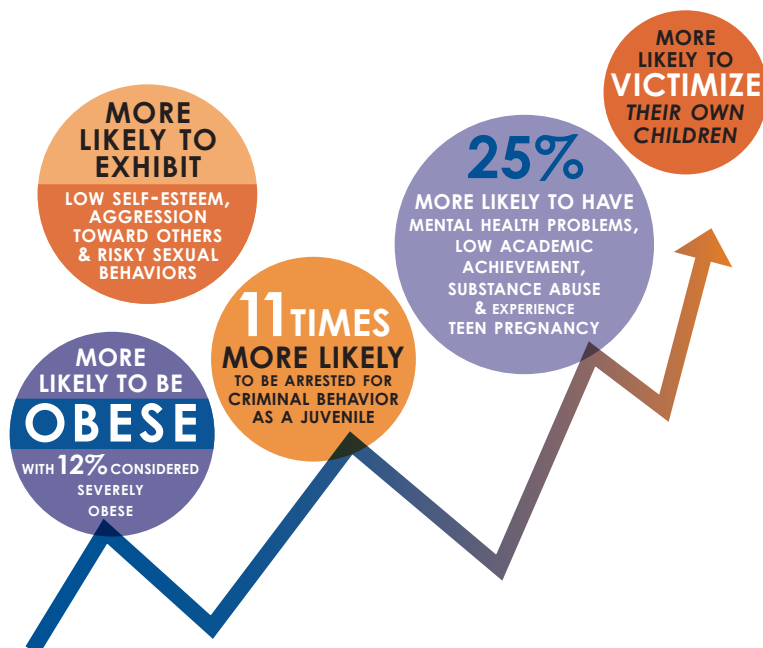

WHAT IS WELL-BEING?

Healthy developmental functioning combined with a nurturing environment that helps children thrive into adulthood.

WHY DO WE NEED IT?

ADDRESSES THE EFFECTS OF CHILDHOOD ADVERSITY

WHAT ARE THE DESIRED OUTCOMES?

BENEFITS OF A COMPREHENSIVE WELL-BEING MODEL

REDUCTION IN
HIGH LIFETIME COST
OF MALTREATMENT

Average lifetime "cost" of maltreatment is more than \$200,000 per child (criminal justice, special education, short- and long-term health care costs)

IMPROVED
POST-FOSTER
CARE RESULTS

Research has shown that a comprehensive well-being approach leads to positive post-foster care outcomes

DEVELOPMENTAL
MILESTONES MET

Strong Families, Thriving Children seeks to improve child functioning in the areas of reading level, problem-solving skills and healthy relationships

HEALTHY,
FUNCTIONING
CHILDREN & ADULTS

Safety and permanency are not enough; meeting child development milestones is necessary to create better adult outcomes
