

## Neighbors Fostering Neighbors

This monthly virtual support group is an opportunity for foster parents to come together, support, and learn from one another. Fostering has its ups and downs and it's imperative you know you're part of a community and not alone. So please join us to gain support for yourself or be a support to another foster parent.

**One (1) hour of ongoing training credit will be entered into your PDS account for each meet-up attended.**

Zoom meet-ups will be held the **2nd Wednesday of each month from 7:30-8:30pm**. A calendar invite has been emailed to all Children's foster parents for the monthly meetings in 2024 – just click on the link in the invitation to join each month. You can also use the link here to join:
