Family education symposium: Living with Alagille syndrome and cholestatic liver disease

SATURDAY, JUNE 30, 2018

9 A.M. TO 2 P.M.

BRIGGS AND STRATTON AUDITORIUM, SECOND FLOOR
CHILDREN'S HOSPITAL OF WISCONSIN – MILWAUKEE CAMPUS

Join us for a conference dedicated to patients and families living with Alagille syndrome and cholestatic liver disease. Learn from international experts about new developments in treating pediatric liver diseases related to inadequate bile flow, and hear from families with liver disease as they share their experiences during our family panel.
