

Educator guide: Bubble buster game

Recommended for grades:

2nd grade

Time:

2 minutes

Prerequisites:

In order for students to be successful in the game, they would benefit from participating in the Sugar lesson.

National Health Education Standards:

This activity aligns with the following National Health Education Standards:

- Standard 1: Use functional health information to support health and well-being of self and others.

For more information about the National Health Education Standards, visit the SHAPE America website: shapeamerica.org.

Learning objectives:

After completing this activity students will be able to:

1. Identify the food or drink with added sugar, when given two food or drink options.

Activity description:

This interactive game encourages students to pop the bubbles that contain sugary drinks while avoiding bubbles that contain healthy drinks. Try playing it multiple times so students can practice with a variety of drinks!

Transcript

Screen 1

We're being invaded. Hypnotica is blowing bubbles at us and they're filled with sugary drinks. Click on the bubbles with the sugary drinks to pop them, but be careful not to pop the bubbles with the healthier drinks. Save us before Hypnotica puts everyone into sugar shock. Click go to start.

Game over-lose

Game over. That was pretty tough. Too many sugary drinks got through your force field. Click play again to start over.

Game over-win

Wow, you're a master buster. You stopped Hypnotica's sugary drink invasion. Great job! Click play again to start over and try to beat your high score.
